General evaluation of management

Instructions are received from both Claimants and Defendants. Reports are issued in accordance to Civil Procedure Rules.

About 100 cases are taken on average each year regarding complex, serious injury and clinical negligence claims Approximate proportions; 60% claimant, 35% defendant. 5% joint instructions are received. Various cases are discussed that do not proceed to formal reports to the Court.

1 Court appearance in last 3 years. This was about safeguarding issues for a child.

Independent cases are prepared for NHS tribunals and NHS resolutions.
